

Dear Friends and Members of the NJTTC and the US Table Tennis Community:

I hope that you are enjoying the many benefits of Table Tennis. Table Tennis is a beautiful sport and a perfect family recreation activity. As many of you know, I have been promoting Table Tennis through my company Lily Yip Sports: running tournaments, training camps, special programs for children, and individualized, private lessons for players of all ages. Of course, I especially love coaching children. To start them on a proper path is very important, so I encourage parents to contact me to set up a special coaching program for your children.

Just to clarify: I always have time available for coaching children, adults, and senior players at the NJTTC, and other locations in Warren and Montclair. So if someone told you that I am too busy to coach you or your kids that simply isn't true. I will try my best to accommodate you and give special care and attention to beginners and children. You can contact me at my home (732) 748-9712, cell phone (908) 456-3675 or visit my website at www.lilyyip.com and my e-mail address is Atlanta96@msn.com

In closing, if your USATT rating is 2000+, I invite you to my free group training that meets on Sundays at 3:00pm to 5:00pm from September 17. Hope to see you.

Very truly yours,
Lily Yip
US Junior Team Coach
Two-time US Olympian
